INDEPENDENT AUDITOR'S REPORT

To the MEMBERS OF FILTRON ENGINEERS LIMITED

Report on the Audit of the Financial Statements

Disclaimer of Opinion

We were engaged to audit the financial statements of **Filtron Engineers Limited** ("the entity"), which comprise the balance sheet as at March 31, 2021, the statement of Profit and Loss, and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

We do not express an opinion on the accompanying financial statements of the entity. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

Basis for Disclaimer of Opinion

The Company is no longer a Going Concern as represented by the Management and accordingly effects are giving to all items of Assets and Liabilities and therefore where ever ascertainable effects have been given in books of account. As a result, financial statements are merely "Paper Figures" based on available data /information as the case may be. Since appointment of ourselves as statutory auditors of the Company was made on 30/12/2021 we have provided qualifications based on present circumstances in respect of financial statements prepared.

The Company has not maintained Fixed Assets register neither carried out physical verification of fixed assets and therefore, we are not able to comment on differences if any between physically existing fixed assets, fixed assets as per books of account, differences if any between physically existed fixed assets and fixed assets as per books of account and effects thereof on loss and State of affairs.

We are not able to ascertain useful economic life of fixed assets and hence depreciation and impairment as calculated by the company could not completely verified.

The balances in all current assets and current liabilities including statutory liabilities are subject to confirmation, reconciliation.

We have relied upon the representation given by the management that, inventory of Rs.44,22,700/- will be having realizable value in the ordinary course of business.

Since the organization is not a going concern we have relied upon representation from the management regarding (a) non granting of any loans to any parties as mentioned in Section 189 of the companies Act, 2013 (b) making investments or guarantees as per Section 185 or Section 186 of the Companies Act, 2013 [c] Non acceptance of deposits from the public as per Section 73 to 76 of the Companies Act, 2013

The Company has not provided for interest, penalties on late payment or non-payment with respect to

dues with respect to Central Sales Tax (CST), Maharashtra Sales Tax, Goods and Service Tax Law, Tax deduction at Source under the Income Tax Act, 1961 etc. The management has represented that, it has defaulted in all applicable statutes and laws for want of knowledge of the same, lack of funds, lack of appropriate staff as the case may be. The Company has not deducted tax at source on provision for audit fees for the year.

The Company has filed income tax returns based on un-audited figures and as a result we are not able to comment on any liability if any and to the extent relevant under the Income Tax Act, 1961 and its consequential implications.

We have relied upon the representation given by the management in respect of related party transactions.

The Company has not complied with any provisions under the Companies Act, 2013, Securities Exchange Board of India and impact of the same is not ascertainable.

The Company has not complied with "Internal Financial Controls"(IFCs) and impact of the same is not ascertainable if any and to the extent relevant.

We were not appointed as auditors of the Company till 30th December 2021 and hence did not observe the counting of physical inventories at the beginning and end of the year. We were unable to satisfy ourselves by alternative means concerning the inventory quantities held at March 31, 2021, which are stated in the Balance Sheets at Rs 44,22,700, respectively. In addition, we were not able to verify the fixed asset register and trade payables.

A) We draw attention to note no-2 in the financial statement .The financial statement indicate that the company incurred loss of Rs.25,56,183/- during the year ended 2021 and as of that date the company current liabilities Rs.3,17,69,007/- its current asset by Rs.51,87.604/-as stated in note no 27(iii), these event or condition along with others matters as set forth in other notes indicate that a material uncertainty exists that may cast a significant doubt on the company ability to continue as a going concern. Our opinion is not modified in respect of this matters.

B) We were appointed as Auditors of the company on **30th December 2021** and thus did not observe the counting of the physical inventories at the beginning of the financial year. We were unable to satisfy ourselves by alternative means concerning inventory quantities held on 31st March 2021.

C) The Companies has discontinued its operations and there is no continuity evidence which demonstrate the company revival.

As a result of these matters, we were unable to determine whether any adjustments might have been found necessary in respect of recorded or unrecorded inventories, fixed assets, trade payables and the elements making up the statement of Profit and Loss.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the entity's financial statements in accordance with Standards on Auditing and to issue an auditor's report. However, because of the matters described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are independent of the entity in accordance with the ethical requirements in accordance with the requirements of the Code of Ethics issued by ICAI and the ethical requirements as prescribed under the laws and regulations applicable to the entity.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained although is sufficient to the extent relevant and made available subject to that, the Company is not a Going Concern and there were significant limitations with respect to compliance of Internal Financial Controls for want of sufficient knowledge on the part of management, resources and infrastructure to implement the same and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide

reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls.

over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Disclaimer of Opinion

The system of internal financial controls over financial reporting with regard to the Company were not made available to us to enable us to determine if the Company has established adequate internal financial control over financial reporting and whether such internal financial controls were operating effectively as at March 31, 2021.

We have considered the disclaimer reported above in determining the nature, timing, and extent of audit tests applied in our audit of the standalone financial statements of the Company, and the disclaimer has affected our opinion on the financial statements of the standalone Company and we have issued a disclaimer of opinion on the financial statements.

INDEPENDENT AUDITOR'S REPORT

To the MEMBERS OF FILTRON ENGINEERS LIMITED

Report on the Audit of the Financial Statements

Disclaimer of Opinion

We were engaged to audit the financial statements of Filtron Engineers Limited ("the entity"), which comprise the balance sheet as at March 31, 2021, the statement of Profit and Loss, and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

We do not express an opinion on the accompanying financial statements of the entity. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

Basis for Disclaimer of Opinion

The Company is no longer a Going Concern as represented by the Management and accordingly effects are giving to all items of Assets and Liabilities and therefore where ever ascertainable effects have been given in books of account. As a result, financial statements are merely "Paper Figures" based on available data /information as the case may be. Since appointment of ourselves as statutory auditors of the Company was made on 30/12/2021 we have provided qualifications based on present circumstances in respect of financial statements prepared.

The Company has not maintained Fixed Assets register neither carried out physical verification of fixed assets and therefore, we are not able to comment on differences if any between physically existing fixed assets, fixed assets as per books of account, differences if any between physically existed fixed assets and fixed assets as per books of account and effects thereof on loss and State of affairs.

We are not able to ascertain useful economic life of fixed assets and hence depreciation and impairment as calculated by the company could not completely verified.

The balances in all current assets and current liabilities including statutory liabilities are subject to confirmation, reconciliation.

We have relied upon the representation given by the management that, inventory of Rs.44,22,700/- will be having realizable value in the ordinary course of business.

Since the organization is not a going concern we have relied upon representation from the management regarding (a) non granting of any loans to any parties as mentioned in Section 189 of the companies Act, 2013 (b) making investments or guarantees as per Section 185 or Section 186 of the Companies Act, 2013 [c] Non acceptance of deposits from the public as per Section 73 to 76 of the Companies Act, 2013

The Company has not provided for interest, penalties on late payment or non-payment with respect to

dues with respect to Central Sales Tax (CST), Maharashtra Sales Tax, Goods and Service Tax Law, Tax deduction at Source under the Income Tax Act, 1961 etc. The management has represented that, it has defaulted in all applicable statutes and laws for want of knowledge of the same, lack of funds, lack of appropriate staff as the case may be. The Company has not deducted tax at source on provision for audit fees for the year.

The Company has filed income tax returns based on un-audited figures and as a result we are not able to comment on any liability if any and to the extent relevant under the Income Tax Act, 1961 and its consequential implications.

We have relied upon the representation given by the management in respect of related party transactions.

The Company has not complied with any provisions under the Companies Act, 2013, Securities Exchange Board of India and impact of the same is not ascertainable.

The Company has not complied with "Internal Financial Controls"(IFCs) and impact of the same is not ascertainable if any and to the extent relevant.

We were not appointed as auditors of the Company till 30th December 2021 and hence did not observe the counting of physical inventories at the beginning and end of the year. We were unable to satisfy ourselves by alternative means concerning the inventory quantities held at March 31, 2021, which are stated in the Balance Sheets at Rs 44,22,700, respectively. In addition, we were not able to verify the fixed asset register and trade payables.

A) We draw attention to note no-2 in the financial statement. The financial statement indicate that the company incurred loss of Rs.25,56,183/- during the year ended 2021 and as of that date the company current liabilities Rs.3,17,69,007/- its current asset by Rs.51,87.604/- as stated in note no 27(iii), these event or condition along with others matters as set forth in other notes indicate that a material uncertainty exists that may cast a significant doubt on the company ability to continue as a going concern. Our opinion is not modified in respect of this matters.

B) We were appointed as Auditors of the company on **30th December 2021** and thus did not observe the counting of the physical inventories at the beginning of the financial year. We were unable to satisfy ourselves by alternative means concerning inventory quantities held on 31st March 2021.

C) The Companies has discontinued its operations and there is no continuity evidence which demonstrate the company revival.

As a result of these matters, we were unable to determine whether any adjustments might have been found necessary in respect of recorded or unrecorded inventories, fixed assets, trade payables and the elements making up the statement of Profit and Loss.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. f. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial assets

(a) Initial recognition and measurement

FILTRON ENGINEERS LIMITED

Notes forming part of the Financial Statements

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

(b) Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three categories:

- Financial assets at amortized cost
- Financial assets at fair value through other comprehensive income (FVTOCI)
- Financial assets at fair value through profit or loss (FVTPL)

(c) Financial assets at amortized cost:

A financial asset is measured at amortized cost if both following conditions are met:

- The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows, and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in other income in the statement of profit and loss. The losses arising from impairment are recognized in the statement of profit and loss.

Financial assets at fair value through other comprehensive income

A financial asset is measured at fair value through other comprehensive income if both of the following criteria are met:

- The financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling the financial assets, and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, such financial assets, until they are derecognized or reclassified, are subsequently measured at fair value and recognized in other comprehensive income except for interest income, gain/loss on impairment, gain/loss on foreign exchange which is recognized in the statement of profit and loss.

(d) Financial assets at fair value through profit or loss

A financial asset is measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income.

In addition, the Company may elect to classify a financial asset, which otherwise meets amortized cost or fair value through other comprehensive income criteria, as at fair value through profit or loss. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

After initial measurement, such financial assets are subsequently measured at fair value in the statement of profit and loss.

(e) De-recognition of financial assets

FILTRON ENGINEERS LIMITED

Notes forming part of the Financial Statements

A financial asset is de-recognized when:

- The contractual rights to receive cash flows from the financial asset have expired, or
- The Company has transferred its contractual rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement and either
 - (a) The Company has transferred substantially all the risks and rewards of the asset or
 - (b) The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

g. Impairment

(i) Financial assets (other than at fair value)

The Company assesses at each reporting date whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company has used practical expedients in calculating expected credit losses on trade receivables using a provision matrix. The provision matrix takes into account historical credit loss experience for trade receivables to estimate the 12-month expected credit losses. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-months expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

(ii) Non-financial assets

Tangible and intangible assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount for the individual asset is estimated by the Company. If, however, it is not possible to estimate the recoverable amount of the individual asset then the Company determines the recoverable amount of the cash-generating unit (CGU) to which the asset belongs (the asset's cash-generating unit). An impairment loss is recognised in the statement of profit and loss when the recoverable amount of the asset or CGU is less than the carrying amount of the asset or CGU.

Previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. If this is the case then the carrying amount of asset is increased to its recoverable amount. Such reversal is recognized in statement of profit and loss.

h. Revenue recognition

The Company mainly derives its revenues from manufacturing of dairy, Brewery and other equipment. The Company also earns revenues from sale of scrap.

Revenue is recognised upon satisfying the performance obligation by transferring promised goods or services to customers for a consideration which the Company expects to receive in exchange for those goods or services.

Revenue from sale of scrap is recognised when the goods are transferred to the customer and the customer obtains the control over that asset.

Revenue is measured based on the transaction price being the consideration received from the customer, adjusted for volume discounts, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

FILTRON ENGINEERS LIMITED

Notes forming part of the Financial Statements

Unbilled revenue represents excess of revenue earned over billings on contracts. Unbilled revenue is recognised when there is unconditional right to receive cash and there is no uncertainty of ultimate collection

Unearned or deferred revenue is recognised when there is billings in excess of revenue.

i. Interest Income

Interest on bank deposits is recognised on accrual basis.

j. Dividends

k. Cash and cash equivalents

For the purpose of the statement of cash flows, cash and cash equivalents consists of cash and short-term deposits, as defined above, net of outstanding bank overdrafts and cash credit facilities as they are considered an integral part of the Company's cash management.

m. Employee benefits

(i) Gratuity

The Company provides for Gratuity, a defined benefit obligation plan, covering eligible employees under Company Gratuity Scheme. At each reporting date, liabilities with respect to gratuity plan are determined by actuarial valuation performed by independent actuary. The Company uses the projected unit credit method to determine the present value of its defined benefit obligations and the related current service cost and, where applicable, past service cost. The Company recognizes the net obligation of a defined benefit plan in its Balance Sheet as an asset or liability. Remeasurements of the net defined benefit liability/ asset is recognised in other comprehensive income and are not reclassified to profit or loss in a subsequent period.

(ii) Provident fund

Contribution to provident fund is a defined contribution plan covering eligible employees. The Company and the eligible employees make a monthly contribution to the provident fund maintained by the Regional Provident Fund Commissioner equal to the specified percentage of the basic salary of the eligible employees as the scheme. The contributions to the provident fund are charged to the statement of profit and loss for the year, when the contributions are due. The company has no obligation, other than the contribution payable to the provident fund.

(iii) Short-term Employee Benefits

All employee benefits payable within twelve months of rendering the service are classified as short-term benefits. Such benefits include salaries, wages, bonus, short term compensated absences, awards, ex-gratia, performance pay etc. and are recognized in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid when there is a present obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(iv) Compensated absences

FILTRON ENGINEERS LIMITED

Notes forming part of the Financial Statements

The Company provides accumulating and non-accumulating paid absences such as annual leave, sick leave and casual leave. Accumulating paid absences are partly vesting and non-vesting. The Company recognises the expected cost of accumulating paid absences as the additional amount that the entity expects to pay as a result of the unused entitlement. Non-accumulating paid absences do not carry forward and are lapsed if the current period's entitlement is not used in full and do not entitle employees to a cash payment for unused entitlement on leaving the Company. The Company does not recognise any liability or expense until the time of the absence.

Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as undiscounted liability at the balance sheet date. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date.

n. Borrowing costs

Borrowing costs are capitalized that are directly attributable to the acquisition, construction or production of a qualifying asset as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which it is incurred.

o. Operating Lease

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor, are recognised as operating lease. Operating lease payments are recognised on a straight line basis over the lease term in the statement of profit and loss, unless the lease agreement explicitly states that increase is on account of inflation.

p. Foreign currency translation

(i) Functional and presentation currency

Items included in the separate financial statements of the company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The separate financial statements are presented in Indian rupee (INR), which is the Company's functional and presentation currency.

(ii) Initial Recognition

Foreign currency transactions are recorded in Indian currency, by applying the exchange rate between the Indian currency and the foreign currency as at the date of transaction.

(iii) Conversion

Monetary items, designated in foreign currencies are revalued at the rate prevailing on the date of Balance Sheet.

(iv) Exchange Differences

Exchange differences arising on the settlement and conversion of foreign currency transactions are recognized as income or as expenses in the year in which they arise, except in cases where they relate to the acquisition of qualifying assets, in which cases they were adjusted in the cost of the corresponding asset.

q. Taxes

(i) Current tax

Current tax is the amount of tax payable based on the taxable profit for the year as determined in accordance with the applicable tax rates and the provisions of the Income tax Act, 1961.

Current tax assets and current tax liabilities are presented on the net basis in the balance sheet after off-setting current tax paid against income tax provision only if the Company has a legally enforceable right to set off the recognised amounts and it intends either to settle on a net basis.

FILTRON ENGINEERS LIMITED

Notes forming part of the Financial Statements

Minimum alternate tax (MAT) paid in a period / year is charged to the statement of profit and loss as current tax. MAT credit available is recognized as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

(ii) Deferred Tax

Deferred tax is provided using the balance sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized, except:

- When the deferred tax asset relating to the deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.
- Deferred tax assets are recognised for the carryforward of unused tax losses only if it is probable that future taxable profits will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Current and deferred taxes are recognized in the statement of profit and loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

FILTRON ENGINEERS LIMITED

Notes forming part of the Financial Statements

r. Provisions and contingent liabilities

Provisions are recognized when the Company has a present, legal or constructive obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, and a reliable estimate of the amount of the obligation can be made. Provisions are determined based on the best estimate required to settle the obligation at the Balance Sheet date. Provisions are reviewed at each Balance Sheet date and adjusted to reflect current best estimates.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as interest expense.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements. A disclosure for a contingent liability is made where there is a possible obligation arising out of past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation arising out of a past event where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

s. Earnings per share

a. Basic Earnings per Share

Basic earnings per share is calculated by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the financial year. Earnings considered in ascertaining the company's earnings per share is the net profit for the period after deducting any attributable tax thereto for the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

b. Diluted Earnings per Share

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.
